

## **All Caliber #5 : Modified Kilo Drill**

**Timer required.** Set the timer for 3 seconds. For every second exceeding the par time, deduct three points from your overall score.

**Rounds:** 10 – Round in chamber – 1 or 2 mags as required.

**Target:** IDPA-type reduced target

**Start position:** low ready

**Stings (5):** Iron yardage as shown below. Optic yardage in parentheses.

- From the 10 (15)-yard line, on the signal, fire one round to the head box.
- From the 10 (15)-yard line. On the signal, fire two rounds to the body.
- From the 7 (10)-yard line. On the signal, fire three rounds to the body.
- From the 5 (7)-yard line. On the signal, fire two rounds to the body and one round to the head box (the classic failure drill).
- From the 5 (5)-yard line. On the signal, fire one round to the head box.

The goal is to score 80 percent or greater.

**Score hits as follows:** Hits in the A-zone are 10 points, B- and C-zone hits are seven points and D-zone hits are five points.
